FEE ESTIMATE

This document is not intended to be and shall not be part of any binding or enforceable agreement between you and Centennial College. This document includes information based on your current model route for planning and illustration purposes only. Fee Estimates are based on a full time course load. The information in this document is subject to change. Final fees will be charged after registration is complete.

Student Number:	301232505
Name:	Wilson Rodriguez Arellano
Program Name:	Software Eng Technician
Program Code:	3408
Classification / Semester:	4

Tuition, Incidental and Ancillary Fees:

Term	Amount in Canadian Dollars	Due Date by Term
Winter 2023	$8,650.62	November 25 2022
Total:	$ 8,650.62	

Late penalties in the form of interest charges will be applied if you have an outstanding balance after the Fees Due Date for each term.

You must pay your full fees by the indicated Due Date by Term. You must also pay any outstanding account balances and be academically eligible before you can register for classes each term. Additional program-related costs may apply.

If you have not yet registered, please refer to your Fee Estimate above for an estimation of your fees. Most programs have ancillary fees that contribute to a wide range of services.

If you have already registered, please refer to your online Account Summary on myCentennial for any outstanding fees based on your registration choices. You are expected to monitor your online Account Summary on myCentennial.

For details on how to build your timetable and other registration-related information for the upcoming term, including locker and parking services, please visit the following page on our website: centennialcollege.ca/registration-information
